

LED Site / Roadway / Post Top Series

Stock No. Product Description
LED-8023-DL PT-120/277-35-144-DL-CLR (Daylight)

LED-8024-DL PT-120/277-45-176-DL-CLR (Daylight)

Description:

Fully encapsulated, 100 - 277 Volt, E26 mounting that integrates energy saving LED technology into a powerful yet energy saving SMD LED 'street light' lamp. Available in Daylight (DL).

- 35 Watt or 45 Watt
- 100 - 277 Volt operation
- Daylight DL (5700K)
- 2850 or 3700 lumens
- 144 or 176 on-board LED SMDs
- Up to 50,000 hour lamp life
- Minimal heat output
- Not dimmable
- 5 year warranty
- UL listed
- LM79 available

Applications:

LED Site / Roadway / Post Top Series lamps can impact energy usage and costs in a major way for communities and housing developments with minimal to no maintenance costs thanks to the up to 50,000 hour lamp life.

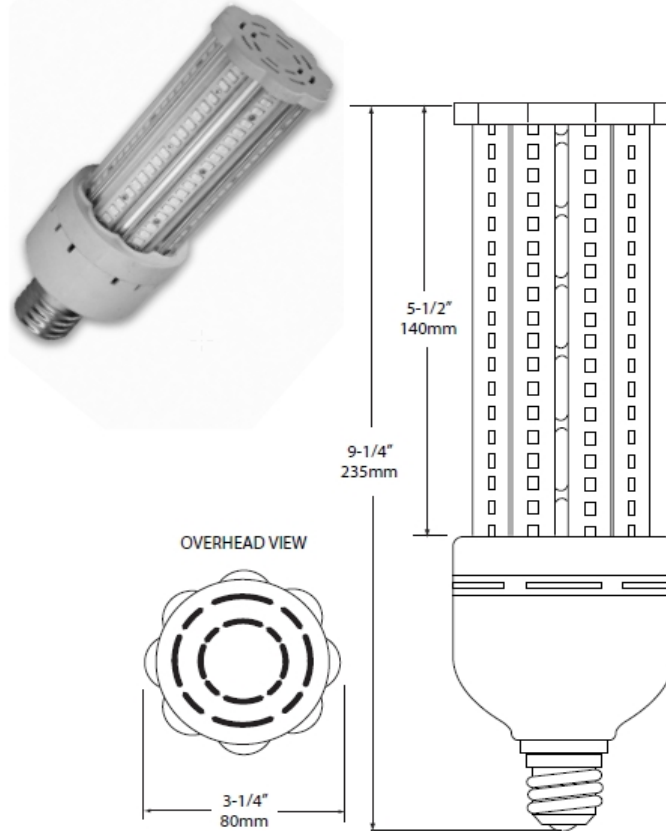

- Site / Roadway / Post Top
- Wall packs (where applicable)
- Security lighting
- Parks and quads
- Municipal lighting

Packaging:

Master-pack: 9 each

NOTE: When retrofitting LED to HID fixture, ballast must be by-passed when present.

Eliminating the ballast saves additional costs related to maintenance, energy consumption and performance. Additionally, by-passing ballast will insure no RFI interference.

Technical Specifications:

Bulb Type:	Cylindrical	Mounting:	E26
Bulb:	PC tube	Replaces:	150/175W HPS
Material:	PBT plastic base	Life Time:	Up to 50,000 Hrs.
Output Power:	35W or 45W	Input Voltage:	AC 100 – 277V
Lumens:	2850 (8023) 3700 (8024)	Beam Angle:	360 °
Dimensions:	9-1/4" x 3-1/4" 235mm x 80mm	Kelvin Temp:	(DL) 5700K
Lumens per Watt:	85	LEDs:	144 (8023) 176 (8024)
Frequency:	47-63Hz PF: 99	Mercury:	None CRI: 83
